K9 AMBASSADORS 5/21/26 last one of the season at St Anne, unless we do the Primrose. John called 3 times and he has not responded. John said Linda would be there because. The residents just like to pet the dogs, there is no program or. Karen said Benedictine people wait all day in the waiting room for the dogs to come in. They really like. Get the media there to do a segment, Yvette, said radio station and TV station said we are too late, they have other news planned. Maybe we need to make a flyer that the KC is going to the nursing home, we could also create an event on FB and share we could also. The anchors used to promote the club. Barb said Grant school said head start is having something, but Paula C said the headstart wanted us to come. Headstart came to Wausau school district, worried about inappropriate kids shoving markers up Norah's nose. We could tailor the program to those ages. Sue would bring her Doberman puppet so can pet the puppet if afraid of dogs.
