EDUCATION/TRAINING: Cherilyn teaching drop in conformation classes on Thursdays 6pm at The Bark Academy thru the end of June, but cannot commit to July and August. Maybe we can transition this to the club? Bark splits payment so if class made \$60, so the club would get \$30. There was more attendance when we posted on PCKC site and facebook. Yvette said she would help out, and teach EO Thursday in July. Paula mentioned Wausau pilot and review newspaper is on facebook and links to events in the area as well and may be another good venue for advertising this.

MEET THE BREEDS: Sunday 28th Willow Springs in Walnut grove which is adjacent south of the hall where we have our meetings. It is important that we have a good showing since Willow Springs allows us to use the hall for our monthly meetings for no monetary charge. There will be an 11am cannon and then not again until after 3pm, so we come shortly after 11 and until 3pm. The parking lot will be for unloading and then can park at Peggy's place across the road to the west. Marv will bring PCKC canopies, banner and other items need from the trailer. Yvette will make a flyer, Deb Raatz will come with games, she has a couple other ideas, if anyone wants to do an obedience demo, etc, maybe guess

the breeds, deb may have rally signs, or a tunnel or jumps, and people really like basic dog tricks like shake, roll over or sit, bounce, etc.

FastCAT: entries counts were consistent with the last two years, with the barn hunt Laura from Country paws said she was going to be continuing year after year, and would love to have us back next year. It was mentioned that to be more organized next time we get a committee set before agreeing to do fastcat again that way things are more organized and we know who is handling what, like PR specifically. We could really gain more entries with some better PR. Someone who is good about knowing where to drop flyers, or get the local news involved. Tress can continue making the event on facebook page and sharing to other groups but beyond that we could really benefit from a designated person/people focusing on promoting the event. Talked about releasing dogs which is a courtesy we provide, we had an instance where there was a dog with a questionable temperament and its important to be mindful that we can certainly refuse to release a dog if we feel it could be potentially harmful to the releaser or anyone in the run. Dogs may run with muzzles (for future will insert AKC rules regarding running with muzzles/halti's into the premium). Tress will work better to coordinate with Laura, for those dogs also doing barn hunt to have dogs come over. It was really great Laura came and ran her dogs first on Sunday. Maybe we can designate a break of some sort or communicate/coordinate with Laura when they are breaking so that barn hunt can run fast cat when they take their lunch. There were about 10 runs that needed to be refunded due to miscommunication and Tress will ensure a better way to track going forward. Yvette will get a laminated sign with rules for fast cat. Per a discussion with Aline, the only re-runs that qualify are missing times. Missing MPH is not a valid re-run and we can have a sign with how to calculate for those exhibitors that are wanting that info. Both days there were some small issues with the eyes/timers and backup timers. It was Jason's first time manning alone so once those bugs got worked out everything was smooth sailing. Sarah mentioned having a banner flag for fast cat like Barn hunt that Laura will ensure is up for next time. Over all everyone really came together and made a great event and looking forward to next year!
